Long-Term Care Insurance

MutualCare<sup>®</sup> Solutions Portfolio

An overview of the traditional LTCi products your clients need.

For producer use only. Not for use with the general public.

## What Matters Most?

If your clients are concerned about protecting their retirement assets...if they don't want to rely on family members to care for them...and if their goal is to remain comfortably at home as long as possible, a traditional long-term care policy may be the best way to help them protect the things that matter most.

MutualCare Solutions is designed to provide the comprehensive long-term care coverage most people need. Policies can be tailored to meet each client's specific situation. And benefits are flexible enough to allow the policy to work the way people need it to...when they need it.
